

E2 - Childhood Depression and Suicide: Recognizing the Signs and Effective Ways to Respond

This course will present a detailed description of childhood and teen depressive disorders including major depression, dysthymia, and atypical depression. We will also discuss suicide in children and teens and the early warning signs. Depression and suicide in youth are often uncomfortable and upsetting topics for parents, teachers, and others. As such, we will also spend time discussing how to talk with youth about these issues and how to get help for depression and suicide in our children. *Trainer: Warren Phillips, Ph.D. (Approved for CEUs)*

About Warren Phillips, Ph.D.

Warren Phillips is a Licensed Psychologist and owner of Central Iowa Psychological Services, a group psychological practice with locations in Ames and West Des Moines, Iowa. Warren is also a Senior Lecturer and clinical supervisor in the Department of Psychology at Iowa State University.
